

EU FOOD PACT

PROJECT NUMBER: 101259759

Aligning skills, systems, and sustainability across the food chain

EU FOODPACT supports
the transformation of Europe's agri-food sector
by helping small businesses respond to the growing sustainability
and digital demands of the future.

At the centre of the project are the **Community Food Education Hubs**, collaborative ecosystems bringing together MSMEs, policy makers, educational organisations, chambers of commerce, certification bodies, and sustainability actors to exchange knowledge, develop practical solutions, and support continuous upskilling.

By connecting skills, sustainability, and systemic collaboration, EU FOODPACT contributes to a more **resilient, inclusive, and future-ready European food system.**

Food systems cannot be transformed without skilled people
